Any notices or additional information will be placed on the board in the laundry room, in the car port - please check this during your stay.

Information such as changes to animal feeding times will be placed here.

Contact Us

If you have problems, we would rather know!

Telephone: 01271 883339 - our main landline number.

Voicemail: The same number has a service which, if we are out, emails us a transcript of any message wherever we are.

Mobile: 07500 804 744

Email: stay@coulscott.co.uk

Website: www.coulscott.co.uk

In the event of an **emergency or serious problem**, and you cannot get hold of us, please see the notice board in the laundry room (in the courtyard) for details of who else you can call who will help.

Public Emergency service numbers are on Page 31.

Departing from Coulescott

A quick check-list.

Feedback form

Please do fill in the form we have left for you.

Breakages & Damage

We do not normally charge for minor damage but please tell us so that we can put things right.

Departure Time

Departure time is by 10am to enable our cleaners and maintenance staff to start work.

Laundry

It would be much appreciated if you would please strip beds of duvet covers, bottom sheets and pillowcases before leaving. Towels may be left in a separate pile in the bathroom. Please do not remove reusable/refillable items such as the toiletries.

Hot Tub

We need to start preparing the hot tub earlier than 10am so please do not use it on the morning of your departure.

Rubbish and recycling

Could you please put your sorted recycling in the containers and your bagged rubbish in the black wheelie bins, both of which can be found in the recycling center on the drive leading up to the courtyard, and your compost in the green wheelie bin by the entrance to Coulescott.

Unwanted food

Any leftover food, whole, fresh or still in unopened packets etc, please do not throw away. Leave it in your kitchen and we will do our best to see it goes to someone who can use it.

Keys

Please leave your keys on the kitchen table. There should be a house key with a green leather fob and a pool key with a blue Perspex fob.

Early departure

Do please tell us if you plan to leave before your last day.

Please do not move furniture from its original position.

Please have a safe journey home.

Two Week Stays

For guests staying for two weeks, the house will be cleaned and your bedding and towels changed at the end of the first week. This is on a Friday usually between 10 am and 2 pm.

Staying in More than One Cottage

For guests staying in more than one cottage, please do not move any furniture (other than dining chairs) between the houses. Please replace, in to the correct house, any items including those from the kitchens that are moved between houses.

Swimming Pool

Safety is of paramount importance in enjoying our lovely swimming pool. We want you and your family to stay well.

Available for use - 9:00 am to 8:00 pm & Fridays 2:00 pm to 8:00 pm

Occasionally we may need to close it at other times - particularly to add chemicals.

The key for the Pool Hall is on a blue Perspex fob. Please take a minute to get to know how to work the lock.

SAFETY

Always lock the door when you leave and check that it is secure.

Always close the door even when you are in the Pool Hall. This is a vital safety rule to avoid small children wandering in and coming to harm.

The pool is unsupervised. There is a lifebuoy and a safety pole. There is a red button, which operates an alarm. This may or may not be heard. Please leave all these alone except in emergencies.

Depth - The pool slopes from about 1.00 to 1.15 meters.

Children - under fourteen, non swimmers and vulnerable adults must only be in the Pool Hall if accompanied and supervised by a responsible, competent, adult swimmer.

Please do not - run, jump or dive. Do not swim under the influence of alcohol etc. No glass should be brought into the Hall.

Please do - tidy pool toys etc off the floor when you have finished. Check any floatation aids etc to ensure they still work.

Towels - The coloured towels are provided for use in the pool and hot tubs. Please do not use the white house towels.

Outdoor shoes must be left outside or on the mats inside. Our new soft porous surround flooring is damaged by mud and grit from shoes.

The Pool Cover is only left on overnight. If it is on when you come to use the pool, wind it carefully off, turning the near wheel clockwise. Leave the rigid end of the cover resting on the pool edge. **You never need replace the cover**

Leave alone please the pool cover roller, pool tools, controls, ornaments etc.

Air Handling System The hall has a system to warm the air and dry it to keep condensation down. **Windows must not be opened** allowing colder air in.

Showering before using the pool helps maintain water quality.

Food and drink are not allowed in the Hall.

Non-residents are not to use the pool.

Animals

The entrance to our animal enclosure is opposite the swimming pool.

We keep a wallaby, pigs, goats, chickens, ducks, peacocks, alpacas and guinea pigs.

If you would like to visit the animals, please come first with us so that we can show you what to do and what not to do. Unless we tell you otherwise, we have an animal feeding session every **Saturday at 10am** to which everyone is welcome. We have another session on Fridays at 9:30 just before guests leave. We will happily take you with us to feed the animals on other mornings. Just ask!

After you are familiar with the animals please visit them without us if you wish. Please observe a few simple **dos and don'ts**.

Children must always be accompanied by adults from their own party.

Always **close and secure all gates** behind you at once.

Do not feed any of the animals without asking our advice first.

Do not open the pig pen. Keep hands away from them - they have powerful jaws!

Be careful of the ponds. There is a lifebelt and rescue pole for emergencies.

Keep children close at all times but particularly around the goat and alpacas.

Do not enter the third enclosure which has animals not safe for you to mix with.

Disinfectant hand rub is on the gate as you leave. Wash hands afterwards as well.

We have to move our animals around sometimes but at the time of writing you will see them as follows:

The guinea pigs live in a hutch inside a large cage to keep them safe. Do visit them and handle them but be careful not to drop or tread on them.

The chickens and ducks will be under your feet hoping to be fed. Don't be tempted. The chicken coop is on your left. Please don't open it.

The pigs, Disraeli and Gladstone live in a pen further down on the left.

The second enclosure gate is by the pond. Keep it locked or the goat will upend the feed bins!

The nicer alpacas are in here. Ozzie is the fawn coloured one and very good natured. If you crouch down and stay still he may rub noses. His younger brother Hugo, dark brown, is shyer. We sometimes have other alpacas in here. They can all be skittish and may suddenly run. Don't go behind them as they may kick. Don't stand downslope of them. They generally don't like to be touched, particularly on the head.

Violet-Elizabeth the little white goat is usually in here. She is very placid in nature and much loved.

The peacocks are locked up in their own cage at the far corner. This is due to their bad habits including screeching very loudly at night. Percy is the big male. He loses his tail every August and it regrows over winter. If you screech at him he may put it up for you! The two white ones are Penelope and Fluffy, mother and daughter.

The third enclosure has alpacas and goats you would not want to be with. So do stay out! You can look through the fence though. The big dark brown alpaca is Pyramus, the alpha male. He doesn't like men. He can be difficult. When in the mood he prances and spits. The white one is Thisbe, his mate, our only female. Nice-natured and long suffering, she is the mother of four of our animals.

You will also see two brown goats, William and Hubert, Violet's brothers. Nice but they butt.

Rare-breed sheep, usually Exmoor Horn, belonging to a neighbour, are usually in this area.

Our wallaby, Matilda, roams the first two enclosures. She is very shy of people although friends with the goats and alpacas. She likes bananas and carrots. She will hide from you and you will need to keep your eyes open to spot her.

Dogs

Dogs are only allowed by prior arrangement.

Dogs are to be kept on leads except in the houses or the large field. Please see the maps provided for the location of the dog field where dogs can be let off the lead - once through the gate.

They may not go upstairs (our stair gate must be in place at all times while a dog is staying).

Please ensure your dog does not disturb other guests.

Dogs are never to be left alone in any of the houses unless they are suitably crated and will not make a noise to disturb other guests.

We provide poo bags and a poo bin. Please do not leave the poo bags, full, around the site - always place them in the designated bin (which can be found in the recycling center).

They must never go in our animal enclosures, play areas, playroom or pool building.

They are allowed on the sofas as long as you use the throws provided and keep the dog from contact with the soft furnishings.

They must be clean inside the property and if you bring a muddy dog back from a walk, please clean them off using the outside hose and dog towel provided. Please do not use any towels provided for our human guests.

If you are part of a group booking, and your party has taken two or more cottages the dog/s must remain in the cottage that the dog/s were booked into. If they are going to enter the other cottages the dog fee per cottage must be paid.

You may see us with our dog around Coulscott - he has been brought up around the other animals and they know him.

We like dogs - we have one of our own - but for obvious reasons we can only have suitable and well behaved dogs at Coulscott.

Hot Tub

The hot tub is on the hillside beyond the children's play area. Please see the separate maps.

There is a booking system for the hot tub - please book private sessions on the form in the laundry room. Please do not use the hot tub unless you have booked a session and make sure you are out by the allotted time so that it has time to warm up for the next guests and so that the chemical levels can be checked.

Please respect the privacy of other guests when they are using the hot tub.

Consideration - Please:

Show consideration over noise - do not use the jets after 7pm and do not use tub at all after 9pm. Please do not play music outside.

Shower with soap and water before use. Use no oils etc. in the tub - the chemical balance is easily upset.

The tub cover is fragile, do not rest or sit on it. Please fold it back with care (using the mechanism). Replace cover at once after use.

Do not play with the controls (which may turn the temperature down).

Do not smoke in or near the tub.

Do not have too many in the tub so that it over-flows.

We cannot guarantee that the tub will always be in use particularly if these guidelines are not observed.

Safety Advice

The Chemical levels in a hot tub are much higher than in a swimming pool.

Do not

Put your face under water

Jump, splash or swim

Bring glass items in or near the tub

Allow small children and babies in the tub

Allow any children in unsupervised

Go in the tub after using alcohol etc.

Allow children to use the tub as a swimming pool

Do not go in the tub without medical advice if you have any medical condition, are pregnant or are elderly.

Delicate skin may be affected by the chemicals in and heat of the water.

A maximum stay of 15 minutes in the tub is recommended.

Enter and exit slowly and with care.

Please report to us if the water is cloudy or discoloured.

Food

Handmade frozen food from COOK (<http://www.cookfood.net/>) is available in the freezer in the laundry room, which is situated on the side of the swimming pool.

Please help yourselves, indicate on the form in the laundry room what you have used and leave payment in the moneybox.

COOK make remarkable food for your freezer, prepared by hand at their Kitchen in Kent, using the same ingredients and techniques you would use at home.

Fresh eggs (£1.30) and apple juice drinks (£2.85) are also for sale in the laundry room (subject to availability).

Cottage Information

Towels

Towels are provided for guests' use. Please do not use our towels at the beach. The coloured towels are for use in the pool and hot tubs. Please keep the white towels for use inside.

Bedding

Waterproof mattress protectors are placed on the beds in the children's bedrooms (the twin room). Please strip the bed at once in the event of an accident.

Smoking Policy

Smoking is not ever permitted in any building. We discourage smoking anywhere on site. If you must smoke, please do so outside, away from the buildings. Please make sure the stub end is completely extinguished. Please don't leave it lying around

Heating & Hot Water

The central heating and hot water controls are on the wall downstairs. We are keen to save energy so please turn off the heating when it is not needed and keep the individual radiators turned down or as low as possible.

Television, DVD Player, Apple TV and Netflix

The television has Sky Freeview. It is quite easy to use. The DVD player is very simple to operate. If you have difficulty in operating the TVs or DVD players please ask us and we will try to help. There is a DVD library located in the laundry room, in the courtyard. Please return the DVDs once you have finished with them. If you have any old DVDs we are grateful for additions. There is a separate remote for the Apple TV. There is a Netflix account for Aylesbury Cottage which can be found on the Apple TV- please do not sign out of this.

Instructions, Supplies & Maintenance

Instructions are provided within the cottages for all kitchen equipment where necessary. Instruction books are located in a kitchen drawer. We supply dishwasher tablets, washing machine tablets and washing up liquid. Two loo rolls are supplied for each loo.

Mobile Phone Reception

Coulscott has limited mobile phone coverage. We find that the best reception is to the front of the site towards the South.

Keys

There is a key for the front door and a swimming pool key (each on a separate key ring).

Please leave the keys on the kitchen table at the end of your stay.

Laundry

Two washing machines and a tumble dryer can be found in the laundry room in the car port. Please do not overload the machines. There is a rotary clothes line next to the children's play area. Please try not to use the tumble dryer in good weather.

Car Parking

There is one car parking space for your property.

Please park in front of your cottage (please make sure you do not park in front of the other cottages).

If you have arranged with us to bring extra cars we will let you know where they can be parked.

Torch

A rechargeable torch is in the kitchen.

Refuse & Recycling

Recycling

Please help us to recycle. We aim to recycle at least 70% of our waste and to do so we have a recycling centre next to the drive leading to the cottages (see map). Please sort out your recycling and put it in the containers. The recycling is put out on the road late on Monday for collection the next day.

In North Devon we can recycle the following:

- Metal only tins and cans
- Paper
- Cardboard
- Clear glass
- Coloured glass
- Plastic bottles (no other plastics)

Please free space by squashing plastic bottles and flattening cardboard boxes.

We CANNOT recycle:-

- Any tetrapacs i.e. fruit juice containers or other plasticised cardboard
- Plastic packaging or plastic bags

Composting

We provide compost containers in each kitchen for all vegetable matter. There is a **green bin at the entrance to Coulscott** to empty your containers into. Please put no plastic in there. This bin is emptied every two weeks and it is kept where it is because it sometimes smells.

Rubbish

Any waste that cannot be recycled please put in black bin liners provided and place in the large black bins in the recycling centre- these are collected every other Monday. Please do not overfill the bins or leave the bin bags on the floor as otherwise animals and birds will spread the rubbish over a wide area.

Leftover Food

If you have any food (whole, fresh or still in unopened packets etc.) leftover please do not throw it away. Leave it in your kitchen and we will do our best to see it goes to someone who can use it.

Grounds & Gardens

Gardens & Fields

Your terrace is located through the gate to the right of the cottage (as you come out of the front door). Please respect the private areas of other cottages.

There is a dog field available for guest use. Please remember that other cottages at Coulscott may have dogs in them and this field is the only area of Coulscott where they may be off the lead.

Please explore the grounds which are rich in wildlife. The separate maps show where guests may go.

Please take care of children as the ponds are unfenced and there are streams and other hazards.

Children's Play Area

The children's play area is near the cottage court yard (see maps) including swings, climbing frame, slide, trampoline, climbing tractor, pirate ship, Wendy house and football goal.

Trampoline

- No shoes or sharp objects on the trampoline
- Children under 12 must be supervised at all times
- Only one person on the trampoline at a time
- Maximum weight (18 stone)

Use the trampoline with caution.

Outdoor Games

Football, Cricket etc. can be played in, or beyond the children's play area behind the cottages.

Playroom / Games Room

The indoor playroom / games room is in the courtyard. It has a soft play area for accompanied small children with some seating for their parents. There is also a section of the room for older children's - with table tennis etc.

Children under 12 must be supervised by an adult when using the room.

The soft play area is only for under 5s.

Please take shoes off before using the soft play area.

Please be sure to leave all toys in the room and tidy up after use.

Opening hours - 09:00-20:00.

Wireless Broadband

We provide free broadband internet access to all cottages. The connection can be tenuous at times and is not guaranteed.

Please do not interfere with the equipment, which may prevent connection for everyone. We have wireless access points around each cottage to provide good coverage.

As in many rural areas our bandwidth is limited. The speed of each line is up to 8Mbps (down) and 768Kbps (up).

Usage is unrestricted, so if you need to be able to connect to your office this should work fine. We do not have any silly “landing pages”, you just connect to the wireless network and are straight on the Internet, exactly like you would be at home. Downloads are unlimited, subject to fair usage.

We do not block access to any sites, as we have often found that access to genuine web sites was being restricted. We would therefore ask that all parents bare this in mind and guide their children accordingly.

The service must not be used for any purpose that is illegal or unlawful such as those infringing copyright. In the event of such use guests will be directly responsible and we may be obliged to disclose their details to the necessary authorities or parties.

Those are the boring bits.

There should not be a password on the Wi-Fi - if this changes for any reason we will let you know.

Enjoy and let us know of any problems.

Important Information

Oil

We plan to move to more eco-friendly means of heating in the near future but for now boilers in the cottages and swimming pool are oil fired. The tanks are located around the grounds. Please leave them alone and advise us immediately in the event of an emergency.

Electricity

Each cottage has its own independent electricity supply. The distribution board is in the master bedroom cupboard. The fuses are RCD type and can trip fairly often - for example if a light bulb blows. The RCDs can be reset by pushing the tripped switch upwards. In the event of a power failure, a torch is provided. Please do not use candles in the house.

Water

Our water supply comes from our own borehole. The water is purified, without adding chemicals, on site. Although we have never run dry we do ask guests not to waste water. The water is regularly tested by the district council, to ensure it reaches their rigorous standards.

Fire

In the event of fire please evacuate your cottage. Advise us of any fire immediately, telephone the emergency services (999) and tell them you are at Coulescott, Nutcombe Hill, Combe Martin EX34 0PQ. Fire extinguishers and fire blankets are provided in kitchens. All cottages are provided with smoke detectors. In the event of a false alarm the detectors can be switched off by pressing the reset button. Our fire alarms are fairly sensitive.

Security

We have never experienced, and do not anticipate, any problems with security. You may think it sensible however to ensure that your cottage and car are locked when unattended and at night.

You have a pool hall key. It is important for safety reasons that it is always locked when no one is in it.

Local Pubs & Restaurants

The Coach House by Michael Caines

Located in the majestically landscaped grounds of the Kentisbury Grange Hotel, and surrounded by gently rolling fields, The Coach House by Michael Caines - awarded two AA Rosettes in 2013 - is a masterpiece of contemporary rustic design and innovative yet classic cuisine. Kentisbury Kentisbury, EX31 4NL Tel: 01271 882 295 Website: www.kentisburygrange.com/restaurant-near-barnstaple/

The Fox and Goose

Set in the heart of an unspoilt Exmoor village (Parracombe). Relaxing place. Good food from fresh local produce. Local ales and extensive wine list. Parracombe, EX31 4PE Tel: 01598 763 239 Website: www.foxandgooseinnexmoor.co.uk

The Black Venus

North Devon pub of the year 2008. Many circular walks from here. Homemade food and local drinks. Well maintained beer garden. Challacombe, EX31 4TT Tel: 01598 763 251 Website: www.blackvenusinn.co.uk

The Rising Sun

Lynmouth - Ancient and picturesque building with generally excellent food. Perhaps not child friendly. Harbourside, Lynmouth, EX35 6EG Tel: 01598 753 223 Website: www.risingsunlynmouth.co.uk

The Masons Arms

Superb food in a thatched 13th century inn in a small village on the edge of Exmoor. One Michelin star. A 40 minute drive but worth it. Knowstone, South Molton, EX36 4RY Tel: 01398 341 231 Website: www.masonsarmsdevon.co.uk

Chichester Arms

Situated next to the church in the pretty village of Morteheo near Woolacombe, this 16th century pub is gas lit and once was the old vicarage! The Chichester arms offer a variety of real ales, cider, foreign beers, ample parking, beer garden and outside terrace. Specialising in fresh seafood, steaks, roast meats, and fresh vegetables all cooked to order. Morteheo, EX34 7DU Tel 01271 870 411

The Rock

This 17th Century Inn boasts five cask marque real ales, an extensive wine list and really good fresh food cooked with flair served in either the fireside bars or airy conservatory. Rock Hill, Georgeham, EX33 1JW Tel: 01271 890 322 Website: www.therockgeorgeham.co.uk

Hunters Inn

Excellent local pub at the heart of Heddon Valley. Perfect for walking the coast and Exmoor. Nice food. Large out door area. Room at the back with huge picture windows. Heddon Valley, Parracombe, North Devon, EX31 4PY Tel: 01598 763 230 Website: www.thehuntersinn.net

Esplanade Fish Bar

Award winning fish and chips. The Esplanade, Lynmouth, EX35 6EQ Tel: 01598 753 798

11 the Quay

Damien Hirst's Restaurant - Ilfracombe - Lovely building overlooking the harbour. Great views and good food - particularly the fish. Have a good look round for all the original Hirst artworks.

The top room at the back is lovely. 11 the Quay, Ilfracombe, EX34 9EQ Tel: 01271 868 090
Website: www.11thequay.co.uk

Andrew's on the Weir

Porlock Weir - Our favorite restaurant but some distance away - Fresh seasonal Exmoor produce that creates superb but unpretentious modern food. Porlock Weir, Exmoor, Somerset, TA24 8PB
Tel: 01643 863 300 Website: www.andrewsontheweir.co.uk

Quackers Restaurant

Combe Martin - Family run restaurant serves good home cooked meals. Newly and smartly converted with a lovely courtyard. Castle Street, Combe Martin, EX34 0HX Tel: 01271 882 282
Website: www.georgeanddragon.uk.com/quackers_restaurant.html

Le Bistro

Located in the picturesque village of Lynmouth. Simple cooking served from the best local produce with a friendly service and relaxed atmosphere. Le Bistro, 7 Watersmeet road, Lynmouth, EX35 6EP Tel: 01598 753 302 Website: www.lebistrolynmouth.co.uk

NHS non-emergency number: 111. NHS 111 is available 24 hours a day, 365 days a year. Calls are free from landlines and mobile phones.

Police non-emergency number: 101. You should call 101 to report crime and other concerns that do not require an emergency response.

Emergency telephone number: 999. For medical emergencies, fire and situations requiring an emergency response from the police.

Fire Safety Emergency Plan

The house is fitted with smoke detectors.

In the case of fire leave the house quickly, leaving all possessions behind. Ensure that anyone who has reduced mobility is helped and that all children and babies are removed from the house.

Please keep the key in the door at night so it can be opened.

Please phone 999 when everyone is safe and then contact us on 01271883339.

To minimize the risk of fire we have a few house rules. The most important are NO SMOKING and NO CANDLES in the house.

Please use the wood burning stove properly; the stove door should be closed at all times whilst in use, except for adding more wood and the fire guard should be in place at all times. Please keep the matches and firelighters away from children and wood by keeping them on a non-flammable surface high above the stove.

It is good practice to close all doors downstairs at night. In this house the most important are the kitchen and drawing room.

In the kitchen please never leave oil unattended on the hob.

Please do not let flammable rubbish build up in the houses, as this is not safe.

Please ensure that any celebratory decorations you may bring are safe and are used safely.

If there are any worries about electrical items being unsafe or indeed anything being of a concern please report it to us as soon as you can.
